Education

Bachelor of Information Technology

Currently studying under this course to improve upon programming and web development skills.

NCEA Certificate Levels 1, 2 & 3

Obtained through studying at Kavanagh College, of which had gained NCEA level 1 with an excellence endorsement and was awarded with the Academic Blues in 2012.

Certificate in IT Service & Support

The course was taken in 2016 to gain entrance into the Bachelor of Information Technology.

Personal statement

Currently, I am studying at Otago Polytechnic under the Bachelor of Information Technology as a second year student. I am highly interested in web development and programming, as I wish to improve upon these areas through work experience. I also work at Moyle's Fresh Choice in Green Island within the butchery department.

Experience

Butchery assistant, Moyle's Fresh Choice, Dunedin
March 2012 – Present

Working within a supermarket butchery has allowed me to gain experience with customer service, as well as improve upon general work ethic. I am usually tasked with assisting in keeping the meat section organised, as well as ensure the temperatures are up to date and are carefully documented.

Strengths and achievements:

- Able to carry out a given task in a fast and efficient manor
- Customer Service skills
- Kiwi Host First Impressions Certificate
- Maintaining time management/Work ethic

Interests and hobbies

I have a very high interest in game development and web development, as I tend to work on web templates in my free time. I enjoy going tramping whenever the opportunity arises, and enjoy a good fantasy or science fiction book.
